PROJECT BIOVOLT: INVENTION DISCLOSURE FORM

Under-Earth Electro-Microbial Grid [UE-EMG-BIOVOLT-2026]

Innovator: Amit Nishanka Bhuyan | Target Valuation: INR 1.22 Crore

Phase 1 Prototyping Threshold: Under INR 4 Lakh | NIDHI-PRAYAS: INR 10 Lakh

System Summary: Subterranean deep concrete caisson node network at constant 15C.
Continuous exoelectrogen micro-trickle stored in Asymmetric Lead-Carbon matrix.
Defensive prior art disclosure for academic and venture incubation committees.
